

## Shipping to the UK with GLS is easier than you think!

Expanding your business in the UK can make a difference!

With GLS, you can enter the British market without complications, even after Brexit.

### Why choose GLS for the UK?

- ✓ Fast and reliable deliveries within 72 hours
- ✓ Full support with customs procedures
- ✓ Experience and strong infrastructure to ensure secure shipments.

### What do you need to ship to the UK?

#### ✦ 3 essential pieces of information:

- ✓ **EORI code** (Economic Operator Registration and Identification): unique identification code essential for customs operations. For Italian companies, it corresponds to the VAT number or tax code, preceded by the abbreviation 'IT'.
- ✓ **Commercial invoice**: must accompany the

goods and be exempt from VAT.

✓ **Customs Warrant** (Power of Attorney - POA): the consignee in the UK must provide this document to authorise us to perform legal acts and respond to requests from customs authorities. Just provide us with your customer's email and phone number and we will take care of everything.
